Sir:

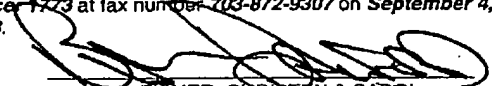

On September 3, 2003, in response to the Office Action of June 16, 2003, applicants filed an Amendment After Final for the above-identified application. The undersigned attorney, upon review of the filed response, noted that the response did not comply with the newly revised amendment practice under 37 C.F.R. 1.121. Applicants are filing today a replacement Amendment After Final in compliance with the newly revised amendment practice in the U.S. Patent Office on September 4, 2003. Please disregard the previously filed Amendment After Final and consider instead the Amendment After Final that is being filed via facsimile on September 4, 2003.

Respectfully submitted,
